We're Here! We're Queer!
We're a joyful group of pals that found ourselves planning community events in Edmonton to celebrate and create queer spaces!

We are a community collective. We design our events to cover costs and usually have a fundraising component to which any remaining proceeds are given.

WHERE THE QUIET QUEERS ARE

A Queer Joy YEG Series

In a world of parties and pints, we're creating some chill experiences to gather and share.

"...The pressure on my people to express our identity and pride through the metaphor of party is very intense. Don't get me wrong, I love the spectacle, I really do, but I've never felt compelled to get amongst it. Do you know? I'm a quiet soul. My favorite sound in the whole world is the sound of a teacup finding its place on a saucer."

—Hannah Gadsby, 'Nanette'
